The mission of the University of Miami Intensive English Program is to prepare international students to enter a university in the U.S. by providing instruction in English language and academic study skills. The IEP also helps its international students adapt to university life and American culture. The program facilitates intercultural understanding, offers support and guidance related to non-academic issues, and builds ease and confidence in a new culture. The Intensive English Program serves the University of Miami by recruiting students and preparing them for academic study and by providing language support services to the university community.

I am proud to be a member of the University of Miami IEP’s faculty and I very much enjoy the broad range of cultures and people in this lush city of cities, Miami. My younger years were spent in small-town Michigan and Gainesville, Florida. Since the last time I lived in Florida, the appeal of assisting others, delving into the richness of language, and exploring different cultures has led me to teach survival, academic and/or intensive English to speakers of other languages in Arizona, California, Arkansas, The Czech Republic, Bahrain, and The United Arab Emirates. I am enjoying teaching a variety of learners from round the world here at UM’s Intensive English Program. I endeavor to help my students discover and employ their strengths along with different methods of overcoming their weaknesses as they push themselves to be stronger students in both English and content courses.

E-mail: a.agila@miami.edu  
I was born and raised in Savannah, Georgia. Even as a young child, my family traveled constantly and I loved to see new places. It was not until I began taking Spanish in high school that I discovered a love for languages as well. During my studies, I have had the opportunity to study and travel abroad in Costa Rica, Mexico, Ecuador, Venezuela, Peru, and the Dominican Republic. I love working with students from all over the world and building a sense of family in my classes. When I am not in class, I enjoy spending time with my family, cooking, dancing, and reading.
CALLA GUDHEIM, Faculty  
Office: Allen Hall 211  
E-mail: c.gudheim@miami.edu  
My love of teaching English to speakers of other languages began when I was living in Boston and helping those most in need learn how to read and write in their second language. It was there that I worked to develop an ESL program to serve disenfranchised women in the community. Since then, I have taught in a variety of educational settings and have raised my own son to be bilingual. I have also lived abroad and struggled to perfect my own second language. It is the combination of these experiences that enables me to bring a unique perspective of the world into my classroom each and every day.

MATT KAEISER, Faculty and International Teaching Assistant Coordinator  
Office: Allen Hall 211  
E-mail: mkaeiser@miami.edu  
I have almost twenty years of experience teaching English as a second language, a lot of graduate credits in counseling, and certification as an Appreciative Advisor. Therefore, I have a real interest in cross-cultural issues. My teaching interests include utilizing active and accelerated learning strategies and using different techniques to help students enhance their memory. My travel experience includes nearly two years in Honduras and extensive travel and study experience throughout Central America, Mexico, and Japan. My hobby is music, and I composed the background music for a professionally produced CD which is used to help relax cancer patients undergoing chemotherapy.

DAVID KRAMER, Faculty  
Office: Allen Hall 211  
E-mail: d.kramer@miami.edu  
I have been working in the ESL world for many years in numerous places. I worked in Madrid, Spain, at the North American Cultural Center, ACHNA. Later I returned to the United States to teach English for Academic Purposes at Boston University, CELOP and Harvard University, IELP. Before coming to the University of Miami, I taught Academic English at the University of Sydney in Australia. This extensive teaching experience has given me greater insights to work successfully within an international community. I strive to instill a sense of internationalism in all the classes I teach.
CLARISSA "REESE" MOORHEAD, Faculty  
Office: Allen Hall 211  
E-mail: c.moorhead@miami.edu  
I love teaching and interacting with international students because, although I was born in the US, I grew up primarily in England and Belgium. Because of my international, multicultural childhood, "home" is difficult for me to define. The ESL world is where I feel most at home and I am so lucky that I get to spend my days learning about my students’ cultures, as I teach them English and help them to adjust to life in a new country. I have lived and taught English in Peru, South Korea, Boston, and Miami and I love to continue to see more of the world. Throughout my experiences learning Spanish, French, and Korean I have realized how challenging but also how rewarding it can be to learn a second, third or even fourth language. I am proud of all students for working hard to learn English and I am very honored to be teaching at the IEP.

E-mail: s.naghib@umiami.edu  
My career began with teaching English Literature, Intensive Reading, and English as a second language at an inner-city high school in North Miami. Since then, I have continued teaching English as a second language to students from diverse backgrounds as well as training pre-service teachers earning an ESOL endorsement for their teaching certificate. I love learning as much as teaching and am currently working on improving my Farsi and earning a PhD in Conflict Analysis and Resolution. Originally a Miami native, travelling to Europe and North Africa has deepened my appreciation for culture and helped me expand my Persian heritage. I am happy to be teaching at UM’s IEP.
PATIENCE PHILLIPS, Faculty

E-mail: p.phillips@miami.edu  
I was completing work on a degree in English literature when I began working in ESL as a part time tutor. The experience of working with international students was so compelling to me that I changed course and decided to make ESL my career. I completed a second degree in education, specializing in teaching ESL. I then taught English at University of Delaware for ten years, finally leaving in order to teach in Korea, where, as it happened, the majority of my students at Delaware came from. Their stories had enticed me! I taught and eventually coordinated the English program at a large university in Seoul for five years. I love teaching and feel lucky to be able to experience the wider world vicariously through the fascinatingly diverse students I meet in my class.

A native of New York City with over ten years of teaching experience, I relocated to Miami several years ago. While living in New York, I worked in multiple school settings with students of various ages and backgrounds. During that time, I also had the opportunity to travel throughout Europe and South America. There, I deepened my appreciation for teaching English as well as learning about different languages and cultures. Now, as a faculty member here in the IEP, I truly enjoy all that I get to learn from my students each day.

I first developed my awareness of the beauty and complexities of the globalizing world growing up in Miami— a tropical microcosm that accommodates the merging of cultures, identities, and languages while also preserving their distinctions. This is where my love of English language teaching originates. Traveling outside my hometown, before joining UM IEP, I worked extensively in China as an English language teacher and program director. I first taught at St. Louis-Changsha Foreign Language School in Hunan province. From 2006-2008, I served as a Peace Corps Master’s International volunteer in Guizhou teaching ethnically diverse Chinese college students and also wrote the textbook Something to Talk About (2010). This publication resulted in my Chinese co-writer receiving a State Department funded grant to tour in the U.S. Thereafter, in Xi’an, China, I worked with Partnership Degree Programs and supported the inaugural year of the American-China Exchange Center. I have also studied and traveled in Central and South America, Europe, and Southeast Asia. At home, I speak Mandarin with my husband and young son. I am passionate about international education and am very proud to be a part of the UM IEP team!

Born in New Hampshire and raised in Vermont, I have been involved in ESL / EFL since 1993. I studied English Literature at the University of Denver in CO, and later received an MA TESL degree from St. Michael’s college in Colchester, VT. I have lived and taught in Italy, Japan, Spain, Thailand, and Brazil, while gaining a degree of understanding of each culture and their people. In 2006, I returned to the US after nearly 13 years abroad and worked as the Academic Director of an intensive ESL school in Boston, MA for two years before moving to the pleasant climes of Miami, FL. I have always enjoyed teaching, and it is a great pleasure to be a part of UM’s IEP.

I have been working at the University of Miami Intensive English Program since 1988. I have been an IEP faculty member, Level Coordinator and Assistant Director for Academics at the IEP. It has been an extraordinary experience that has allowed me to meet many wonderful students from all over the world. I enjoy making sure that these students make the most of their learning opportunities at the IEP. We have a high quality academic English program that provides students with an education experience that will last a lifetime.

I was born in Queens, New York and grew up in Miami. My parents are Colombian. I earned my AS in Paralegal and I am currently on my way back into school to receive my BS. Most of my adult life I worked in the education field. I enjoy speaking to students and getting to know where they come from and what their interest and likes are. I love to help and see people succeed. I have lived in the USA all my life; for me, every day in Miami I learn something new. In my spare time I enjoy trying new restaurants, riding bike and enjoying life to the fullest. Feel free to stop by and let me know of any places you recommend I should try.

I was born in Bogota, Colombia. I moved to Miami at a young age and have lived here all my life. From an early age, I’ve had a constant passion for technology. I previously worked with UMIT (University of Miami’s central IT department) in both the Medical and Gables campuses. At UMIT I was responsible for supporting and maintaining various enterprise level systems. The years of working in the IT industry have given me the opportunity to experience how properly implemented technology can improve a program. As IT Project Specialist to the Intensive English Program, I have the pleasure of implementing and supporting the technology needs of the program.

As the Associate Director of the Intensive English Program, I have the pleasure of assisting students with registration, immigration, payments, other UM offices and services around Miami. I enjoy working with students from around the world and learning about their countries and cultures. I am originally from New York, but Miami has been my home for over ten years. Before coming to Miami, I lived in Mexico, where I taught and coordinated English programs for children and adults.

I have been involved in the field of English as a Second Language since 1998. Before my arrival at the University of Miami in 2006, I taught in Chile and Ecuador and was a teacher / curriculum coordinator at an intensive English program in Ann Arbor, Michigan. Traveling throughout South America and Europe has shown me the importance of learning other languages to succeed. I am fortunate to be able to assist students with their academic needs and contribute to students’ future opportunities every day at the IEP.

I am native to Miami, Florida and have been in the field of English as a Second Language for over nine years. Before joining the University of Miami, I taught ESL in various countries abroad, the Center for Intensive English Studies at Florida State University, and public schools in Denver, Colorado. I have always enjoyed working with students to reach their personal and professional goals through the teaching of English. In addition to teaching at the IEP, in my capacity as Student Life Coordinator, I have the pleasure of engaging students in community building both within the IEP and the larger University community. I am very proud to be a member of the Intensive English Program at UM.

I often refer to myself as a global citizen. At a very young age, I was immersed in a multicultural environment while studying and traveling abroad. After graduating from a French high school, I decided to set onward to experience another culture firsthand by studying at an American university. Upon graduating from the University of Central Florida in 2013, I decided to inspire other international students to study in the U.S by assisting them attain their academic, professional, and personal goals. With over four years of experience in international education, I enjoy engaging with students from all over the world and relate to their stories. My office is your home away from home. I look forward to welcoming you all to the IEP at the University of Miami.
How Can We Help You?

Immigration Processing:

Leave time for possible delays at Immigration/Port of Entry.

Required documents for F1 Students:
- Valid passport
- Original signed I-20 (for students with F-1 visas)
- Valid F-1 visa stamp in your passport, as applicable.

Recommended documents:
- Official or student copy of transcripts or proof of current semester’s courses. You can get your transcript from canelink.miami.edu.
- Financial documents (bank letter or scholarship letter)

If you are selected for Secondary Inspection (sent to a private interview room for additional questioning):
- DO NOT panic.
- Be consistent, honest and calm when answering questions.
- The immigration officer may contact the school for any further verification.
- Follow the immigration officer’s instructions.

Change of address:
If you change your address, telephone number or e-mail address, you must notify the IEP office in Room 111 within 10 days. We will notify the Department of Homeland Security via SEVIS. If you do not inform us of your new address, you may be considered out of status with the Department of Homeland Security.

Immigration:
Immigration regulations are important. Come to the IEP office if you have questions about immigration regulations for F-1 students. Don’t depend on friends for immigration information; their situation may be very different from yours.

We can provide information regarding travel, religious centers, shopping, licenses and insurance, automobiles, campus clubs and more. Please feel free to stop by the IEP office in Allen Hall room 111 if you have questions or problems. You may have to make an appointment to discuss certain issues.
The U.S. Department of State has ordered U.S. consulates to increase the screening of visa applicants and restrict the number of visa appointments held each day. Visa officers will conduct more intensive interviews to determine whether visa applicants are eligible for the immigration category they seek and will have more discretion to order additional security checks beyond the regular background checks that all visa applicants undergo. These new processes, and the limits on the number of visa interviews, are likely to cause longer waits for interview appointments, and longer waits for passports with visas to be returned after the interview. For detailed information on how to apply for an F or J visa and approximate wait times for visa interviews and visa application processing, please visit the U.S. Department of State’s website.
TUITION PAYMENTS

Payment is due during the first week of class. Registration “holds” are placed on accounts with outstanding balances. This means you will not be able to register for classes until you have paid and fulfilled all your responsibilities. Students with outstanding balances do not receive grades or certificates.

Students who have a sponsor or government scholarship must submit a financial guarantee valid for billing purposes at the beginning of each semester. Balances and charges can be viewed at canelink.miami.edu. Questions? Visit the Office of Student Account Services at 158 Ashe Building.

WITHDRAWAL & TUITION REFUND

Refunds are based on total tuition charges, not on total amount paid. Fees are non-refundable. Students may receive financial refunds based on the official date of withdrawal. For additional information, please visit the Student Accounts website: https://www.osas.miami.edu/

In order to be eligible for a refund you will need to come to the IEP Office and complete a UM Drop/Add Form as soon as you make your decision to withdraw from the Program. Refunds are based on the date you complete the form. Refunds are processed by the Office of Student Account Services, located in room 158 of the Ashe Building, and may take a few weeks to be processed.

Withdrawal from the Program may affect your F1 student status. If you have a student visa, it is absolutely necessary that you tell Jenny if you plan to withdraw from the program. Failure to notify the IEP office can jeopardize your lawful F-1 status in the United States. Come to Room 111 if you have any questions.
TRANSCRIPTS AND LETTERS

Renewing your visa?

You must get an official transcript to renew your student visa. If you need an official transcript for visa renewal or any other reason, you must request the transcript from the Office of the Registrar. You can order the transcript on canelink.miami.edu.

Require an enrollment letter or proof of address?

Please visit Karen in the IEP and fill out a letter request form. We require two business days to prepare a letter for you. Please note that we cannot e-mail letters that include grades.

REGISTRATION FOR FUTURE SEMESTERS

If you wish to continue in the IEP

You must complete your re-registration paperwork. There will be designated days for re-registration towards the end of each semester. Please look for signs and listen for announcements in class to find out when re-registration is. You must report back to the IEP on the date indicated on the forms.

Any student who arrives late for a session must accept the following consequences:

- You will be marked absent for the days you missed.
- You must follow the make-up work policy of your teachers.
- You might not be able to make up missed work.
- You will not be considered for a section or level change.
- If you need to take a Selected Topics class, you might not receive the class of your choice.

Letters documenting the amount you have paid or your expenses for the semester may only be requested through the Office of Student Account Services, located in room 158 of the Ashe Building.
REGISTRATION HOLDS

A registration stop may be put on your account to prevent you for registering for more classes at UM.

Common stops include:

**Immunizations:**

If you did not submit documentation of all of the necessary immunizations, please visit the Health Center as soon as possible to complete your immunizations and avoid the hold.

**Financial holds:**

If you owe money to the University, a stop will be placed on your account until you pay your full amount due. See the Office of Student Account Services in room 158 of the Ashe Building for more information about resolving the stop.

You can check the status of your stops by visiting canelink.miami.edu and go to Student Center. The IEP cannot make any exceptions for a stop put on your account by another office.
IEP Activities

The Intensive English Program provides a number of on campus and off campus activities throughout the semester. The activities are provided to help students learn about the University, Miami, each other, and to have fun while practicing English outside the classroom! It is our hope that as many students will participate in the activities as possible, and so we offer most of the activities free of charge.

How can I learn about activities?
- Semester Activity calendar
- Bulletin boards
- Classroom Announcements
- Facebook
- Weekly email; if you are not receiving the email, please come to the office to update your email address with Brigitte

What can I expect on an activity?
Every activity is unique! The students who join make the activity what it is; we hope that you will learn something, make friends and practice your English! Unfortunately, due to risk liability and insurance, we cannot take anyone who is not a currently enrolled IEP student on an activity.

How can I participate?
First, you must have a completed ‘Trip Release Form’ on file with our office; you will complete this form during the registration or re-registration process. For most activities, we will have sign up dates; be sure to sign up on time, or there may not be space. If there is a payment or sign up deadline, be sure to complete everything before the deadline!

Everyone must sign up for an activity for themselves; because some of our activities have limited space, this is the only thing that is fair to all IEP students.

Since we are a part of a larger University, we are governed by strict policies related to risk and insurance. Therefore, we have a number of rules that must be followed, as well as some behavioral guidelines. If you have questions about any of the items below, please speak with Amy prior to signing up for an activity.
FAQ: ACTIVITIES

- WHAT IF I SIGN UP FOR AN ACTIVITY AND PAY BUT AM UNABLE TO ATTEND? CAN I GET A REFUND? CAN A FRIEND GO IN MY PLACE?

Once you sign up for an activity, we are counting on your attendance, and make arrangements and buy tickets with that thought. Unfortunately, refunds are not possible. A friend may be able to go in your place, but would require approval from the Student Services Manager at least 1 day in advance. Do not assume that you can give your place to a friend.

- WHAT IF I JUST WANT TO GO WITH IEP SO I CAN GET A CHEAP TICKET; CAN I ARRIVE BY MYSELF OR LEAVE AN ACTIVITY EARLY?

Part of the magic of the activities is going as a group and sharing the experience with your fellow students! Therefore, we ask that all students go with us and leave with us for all activities.

- I LIVE CLOSE TO THE ACTIVITY SITE, OR I HAVE A CAR. CAN I MEET YOU THERE?

Usually, no, students must ride the bus to and from the activity. We make few exceptions, but you must get special permission.

BE SURE TO ARRIVE ON TIME FOR ACTIVITIES, AND PAY ATTENTION TO AMY AND OTHER CHAPERONES LEADING THE ACTIVITY SO THAT EVERYTHING STAYS ON SCHEDULE AND ALL STUDENTS CAN ENJOY!

Length of Program and Level Placement

The IEP offers a total of 5 levels. Students complete one level per session. On the first day of the session, new students will take a placement test to determine their level. The placement test includes listening, reading, writing and an oral interview. Most students test into a single level. Depending on the results of your exam, it is possible that you place into two different levels. The levels must be consecutive, for example, level 3 Oral Communication and level 4 Reading and Writing. During the first week of class, teachers will assess abilities in all the skills. For new students only, if a high enough score is achieved in those assessments, it is possible to move up one level in some or all courses. A student’s length of study in the IEP will depend upon which level he or she enters the program; however, a student that begins in Level 1 and progresses through the 5 levels without repeating a level will finish in 5 sessions, or in approximately a year and a half. Please see page 26 for information about repeating classes.

Classroom Etiquette

- Always be on time for class.
- Be attentive in class.
- Participate in class discussions, ask questions and take notes.
- Be respectful.
- Private conversations, cell phones, laptops and other items not related to class are inappropriate.
- Be prepared for class.
- Read the assigned material.
- Do your homework.
- Cell phones and other electronic devices should be silenced and used only if needed for class activities with permission from your teacher.

Academic Support

All of your teachers have office hours every week to address your questions or concerns. Check your class syllabus to see when your teacher is available. If you have questions or concerns about your courses that your teachers cannot help with you with, please see IEP Director Cara Wenig Mori.

Make-Up Work Policy:

For work that can be made up, you have 1 week from the due date of an assignment to complete it. Students must check with each teacher to determine what work can be made up. It is important to be aware of instructor make-up work policies.
In Level 1, the focus is on the teaching of fundamental English skills. Students will be introduced to the basics skills of reading, writing, listening and speaking. Grammar points covered include present, future and present progressive verb tenses, introduction to parts of speech, articles, modals used in functional situations, question formation and prepositions.

**Oral Communication**
- simple conversations
- basic listening skills
- pronunciation

**Written Communication**
- complete sentences
- simple paragraphs

**Workshop**
- reading and vocabulary practice

**Reading**
- reading comprehension strategies
- vocabulary development

---

In Level 2, the focus is on interpersonal communication skills in an informal setting. Students will develop their reading skills to improve comprehension while building their vocabulary. They will write paragraphs incorporating grammatical concepts taught in class. Grammar points covered review those of Level 1 as well as past and past progressive tenses, broader use of modals, adjectives and conjunctions.

**Oral Communication**
- dialogs, role plays, controlled
- conversations, listening skills
- simple conversations, simple note-taking
- pronunciation

**Reading**
- reading comprehension skills
- reading strategies
- vocabulary development
- dictionary skills

**Workshop**
- reading and vocabulary practice

**Written Communication**
- well-developed paragraphs
- connecting ideas
In Level 3, the focus is on interpersonal communication and academic skills. Students will read more complex selections and write simple essays. They will be introduced to the connection between reading and writing. Students will practice taking part in more in-depth, yet controlled, conversations. Grammatical structures taught include future progressive, present perfect progressive tenses, prepositions, and comparatives.

SELECTED TOPICS

Selected Topics (ST) classes are offered only to students in Level 4 and 5 Reading and Writing and are an integral part of the curriculum. ST classes focus on two skills areas: classes that integrate all language skills (Content-based) or classes that focus on a particular language skill (targeted-skill).

Classes meet for two 6-week sessions (4 hours weekly) during the semester. Students will be informed of the ST options for the first 6-week session during registration. Options for the second 6-week session are announced in ST class during week six. Students will learn about each class, if field trips are involved, material that will be covered and the name of the instructor who will be teaching the class. Students choose their classes by completing a preference form. Every effort is made to place students in their first or second choice of classes; however, class sizes and scheduling limits the number of students per class. Students receive a grade for each session of the ST classes. Students who receive a grade of “A” in all other classes must also receive a grade of “A” in both sessions of ST in order to receive honors.

TYPES OF CLASSES

1) Content-based Classes
In this type of class, students will use and improve their language skills in a context of interest to them. Examples of these classes include Current Events, TED Talks and Social Justice in Film. Content-based classes integrate all language skills into one class using specific subject matter.

2) Targeted-skill Classes
Classes focus on a particular English language skill, such as pronunciation or word forms and spelling. These classes give students an opportunity for intensive practice in an area that needs improvement.

3) UM Transition Course (content-based ST)
Student who are conditionally admitted take this class for one 6-week session in order to introduce university topics. Students are given an overview of the American educational system and how it compares to other models around the world. They undergo an orientation to the different student services available to them at UM and other campuses around the U.S. as well as an overview of the typical expectations that American universities have of their students. They learn of the different resources that meet the special needs of international students and other students on the UM campus, and they are given pointers on how best to take advantage of these resources.

It is mandatory that students attend classes every day not only for academic purposes, but also for immigration regulations. This includes Selected Topics classes. If you do not attend class regularly, you may be considered out of status with U.S. Citizenship and Immigration Services. Students who are out of status are not eligible to continue their classes and may be required to leave the United States.
ATTENDANCE POLICY

Class attendance is required by both the Intensive English Program of the University of Miami and the Department of Homeland Security. Attendance is counted starting on the first day of class. You are expected to attend every class. Attendance will be taken daily.

You must e-mail your instructors when you are absent, regardless of the reason. In case of an emergency, you should contact Jenny Vargas as soon as possible.

You must attend a minimum of 85% of all classes, including Workshop and Selected Topics classes. You may not miss more than 15% of all classes.

PUNCTUALITY

You must come to class on time. “On time” means that you are seated and ready to start class at the time that the instructor begins to teach. Therefore, you should plan to arrive at least 5 minutes early in order to get settled and ready to start.

Each time you come to class more than 10 minutes late, you will be marked with .5 absence of an absence. Therefore, coming to class more than 10 minutes late two times will count as one absence from class.

RELIGIOUS HOLY DAY POLICY

The Intensive English Program is happy to accommodate those students who wish to observe religious holy days. Students who plan to observe religious holy days must inform their instructors of the dates they will be absent within the first two weeks of the session start date. Please note that any class missed due to religious holy day observances are counted as an absence.

REPERCUSSIONS OF EXCESSIVE ABSENCES

Please note that missing classes may put you in danger of not passing a class. It is important to be aware of instructor make-up work policies to understand how missing class affects the class grade.

If you are consistently and repeatedly absent during the course of a session, we will try to contact you. If you do not respond and return to class, you may be withdrawn from classes. For students in F-1 student status, being withdrawn from class because of excessive absences will result in a SEVIS termination and loss of your F-1 student status in the United States.

Please remember that everyone at IEP is here to help you. Speak to your instructor, Cara Wenig Mori, Michelle Alvarez or Jenny Vargas if you have a personal or academic problem so that we can try to resolve the situation before it affects your class performance or F-1 student status.
The grading system is as follows:

Teachers determine grades for each grading period based on class work, quizzes and tests. Final grade determination is calculated as follows:

**Full Sessions:**
- First Grading Period 30%
- Second Grading Period 35%
- Exit Exam 35%

**Mid Sessions:**
- Class Grade 65%
- Exit Exam 35%

*Early exit exams are not given.*

**CERTIFICATES**

Certificates of completion are issued at the end of each semester listing the course(s) a student has passed. In order to receive a certificate the student must **earn a grade of C- (70%) or better** in one or more of his/her classes. Certificates are not awarded to those students with outstanding financial obligations to the University. In order to receive Honors you must receive a grade of “A” (90%+) in all classes, including Selected Topic classes.

**TRANScripts**

All IEP grades appear on a student’s official University of Miami undergraduate transcript. To order a transcript, please visit [canelink.miami.edu](http://canelink.miami.edu).
The Intensive English Program has 12-week and 6-week academic probation. Students who initially earn a final grade below a 70% (C-) in one or more classes must repeat the class(es) the following semester. The student will meet with an IEP Director to discuss academic progress and sign an academic probation agreement. If a student again earns a failing grade of less than 70% in a class they previously failed and are repeating, the student will not be permitted to re-enroll at the Intensive English Program.

Students who return to the IEP on academic probation and who also failed to meet the attendance requirement of 85% in the previous semester will be closely monitored by an IEP Director. Any student who earns a grade below a 70% (C-) in a class they failed the previous semester will be dismissed from the IEP at midterm, after 6 weeks of class.

Conditionally admitted students who are dismissed from the IEP will need to reapply to the University of Miami once they have completed their English requirement elsewhere and completed 30 college-level credits.

### Failing Classes and the Academic Probation Policy

If a student feels that a final grade does not accurately reflect his/her achieved competency, the steps outlined below must be followed. Please note that the student must **speak with the instructor no later than three days after the date of the certificate ceremony** and submit the Grade Appeal Form **no later than one week after the date of the certificate ceremony**. A student may not start his/her classes the following semester until the appeal is reviewed and resolved.

1. Discuss the grade with the instructor no later than three days after the date of the previous semester’s certificate ceremony. In most cases, the discussion between the student and the instructor is enough and there will be no need to discuss it further.
2. If, after talking with the instructor, the student is still not satisfied, he/she should fill out the Final Grade Appeal Form.
3. Submit the Final Grade Appeal Form to the Director of Curriculum & Faculty no later than one week after the date of the previous semester’s certificate ceremony.
4. The Grades Appeal Committee will review the request. The student will be contacted by email if more information is necessary.
5. Once a decision has been made, the student will be contacted to come meet with the Director of Curriculum & Faculty and the Executive Director.

### Permission to Repeat a Class

On occasion, a student may pass their classes but wish to repeat a level. If you wish to repeat a level, you must make a request to IEP Director Cara Wenig Mori prior to re-registering for the next semester. Cara will consult with your current teachers to determine what additional practice you may need in that level. Your request to repeat a level may be denied if your overall attendance in the current semester is less than the required 85%.

When repeating a class, you are required to:

- Attend a minimum of 85% of classes.
- Arrive on time to class.
- Participate in all classes.
- Complete the work that is assigned. Please note that you may not resubmit work done during the prior semester.

Grading and Proficiency Scale

Important
In order to pass a class and advance to the next level, students must meet the listed learner outcomes at a 70% proficiency.

Revised 9/14/12
The Institutional TOEFL, also known as the PBT, will be given one time only during the fall and spring semesters. No official score report will be given, and scores may only be used at the University of Miami. This is generally the only exam which students with undergraduate conditional admission may take to fulfill their English requirement. Students with conditional admission to the University of Miami will be permitted to register for the exam first, and others will be permitted to register as space allows.

Students who must take the International TOEFL (iBT), either for graduate admission at UM, or for other purposes, may register for the exam online at [www.toefl.org](http://www.toefl.org). The exam is typically given a few times each month at various testing locations in South Florida. Students who take the iBT must request that official score reports be sent from ETS to the colleges or universities of their choice. The University of Miami TOEFL code number is 5815.

For questions about undergraduate TOEFL requirements at UM, please visit the Office of Admission. Undergraduate applicants should note the following:

- TOEFL deadline for consideration for the fall semester: January 1
- TOEFL deadline for consideration for the spring semester: October 1
- IEP students are expected to pass their current IEP classes regardless of their TOEFL score. The University of Miami may rescind final admission from any student who does not pass his/her current IEP classes.

For questions about graduate TOEFL requirements at UM, please contact the appropriate graduate program.

The IELTS is also given locally. Please visit [www.ielts.org](http://www.ielts.org) for more information.

Your University of Miami identification card (Cane Card) is very important. You should carry it with you at all times. If you lose your Cane Card, the cost of replacement is $20.00. Replacements are obtained from the McKnight Building. Be prepared to present some form of photo identification, such as a passport or driver’s license.
ATM:
Located outside the breezeway at the entrance to the UC are automatic teller machines (ATM). This will enable you to withdraw funds from your account 24 hours a day with your bank card or credit card.

UNIVERSITY BOOKSTORE:
You can purchase books, school supplies, greeting cards, UM clothing and more. Textbooks are located on the second floor. You will find a special section for IEP students. Ask someone for help if you can’t find your books. The campus post office kiosk is located in the bookstore.

CAMPUS LIFE

SHALALA CENTER:
24-hour study space, student organization offices and lounge spaces and meeting rooms. Also housed in the center are the offices for student activities and student organizations, the Butler Center for Volunteer Service and Leadership Development, orientation and commuter student involvement, and reservations for the student center complex. The center is also the site of a Starbucks, the Rathskeller restaurant and other campus eateries.

COISO:
Office is also located in the student activities center. Stop by their office if you want to get involved in any of their activities or the other international student organizations.
For undergraduate admission (admission to a bachelor’s program) at the University of Miami, you can apply online via the Common Application at www.miami.edu/apply. The Office of Admission is available to assist with any questions you may have about undergraduate admission. Their office is located on 1306 Stanford Drive, right on Stanford Circle, next to the UC. You can also call (305) 284-4323 or write to admission@miami.edu.

For graduate admission (admission to a Master’s or Ph.D. program) at the University of Miami, you must contact the program that interests you directly. At the graduate level, each program makes their own admission decisions. For help in locating a graduate program, please visit Amy or Jenny.

Concerns, Questions or Complaints

Although we do our best to make your stay with us at the IEP as pleasant and memorable as possible, occasionally an incident or problem may occur with a member of the faculty or staff or with another student. An informal solution to the problem is to talk to the other person; it may simply be a misunderstanding. In most cases this will resolve the problem.

If you feel too shy or afraid to speak to the other person, you may come to the IEP office and we will try to help you. If you would like to document the situation, you can ask to complete a Complaint/Incident Report. We will give you a copy of the report and a copy to the appropriate person to assist you and hopefully resolve the problem to your satisfaction. This written report will be retained in your IEP student file.

Honor Code

All University of Miami students are required to uphold the Honor Code, which provides standards that encourage ethical academic behavior and imposes penalties for violations of such standards. Violations include all forms of scholastic dishonesty, whether related to a written or oral examination, a thesis, term paper, mode of creative expression, computer based work, or other academic undertaking. Scholastic dishonesty includes cheating, plagiarism, collusion, the falsification or misrepresentation of data, as well as attempting or agreeing to commit, or assisting in or facilitating the commission of any of these violations.
The University of Miami is a smoke-free campus. Smoking is prohibited on the Coral Gables Campus, including the use of E-products. The University is committed to promoting a healthy environment for the well-being and safety of staff, students, faculty, visitors and all individuals who have a presence on campus.

Smoking Violation Penalties:

1st Violation:
Disciplinary Warning for 1 semester; $75 fine; smoking cessation class & reflection paper.

2nd Violation:
Strict Disciplinary Probation for 1 semester, $100 fine; second smoking cessation class (different content).

3rd Violation:
Final Disciplinary Probation, other sanctions as assigned.
The Student Health Service is an outpatient medical center located in the Lennar Center next to the Watsco Center at 5555 Ponce de Leon Blvd, Coral Gables, FL 33146. Through its staff of qualified physicians and nurse practitioners, the Student Health Services diagnoses and treats minor injuries and new or ongoing illnesses. Services include primary care, select specialty services including allergy injections, women’s health, orthopedics, x-ray, pharmacy, advice on health-related issues and referral to medical specialists when necessary. Many specialists are now located in the Lennar Center. All medical records are confidential and will not be released without patient’s permission or court order. On-line appointments are available at mystudenthealth.miami.edu, last appointment 3:15 PM, last walk-in 3:30 PM.

Healthcare in the United States is very expensive. Treatment for even very simple injuries or illnesses can cost thousands of dollars in a hospital emergency room. The University of Miami therefore requires that all students have comprehensive medical insurance. A health insurance fee is included in your mandatory tuition and fees which you will pay during the first week of class. To keep your healthcare costs to a minimum, we recommend that you use the University’s on-campus Student Health Services, located at 5555 Ponce de Leon Blvd.

All students are required to enroll in the University-sponsored health insurance program. The student health insurance fee charged each session covers medical, surgical, and hospital insurance for major illnesses, accidents, surgery, psychiatric emergencies, and for off-campus emergency room care. It does not include dental insurance. Additional information on the policy benefits, exclusions and limitations is available at [www.miami.edu/student-health](http://www.miami.edu/student-health). Please carefully read the insurance brochure and direct any inquiries to studenthealth@miami.edu or (305)284-9100.

Your student insurance is accepted at most hospitals and provides coverage worldwide if you become seriously ill, or accidentally injured. **Care should be coordinated through the Student Health Services whenever possible (305-284-9100).** Health insurance coverage is best at UM facilities, so if you need to go to the hospital, we recommend UM Hospital, located at 1400 NW 12th Avenue, Miami, (305) 325-5511. Please see uhealthsystem.com for more information. Referrals should be obtained through the Student Health Service. There is a deductible for hospital and private physicians. Dental care is not included. Insurance coverage is only for that period of time you are enrolled in the Intensive English Program. Once you have completed your IEP studies, your health insurance will terminate. Students who have insurance through their government sponsor must apply to waive their health insurance directly with the Student Health Service.
**IMMUNIZATION COMPLIANCE**

All students are required to provide proof of immunization against measles and rubella prior to registration. Most international students must also provide proof of PPD (TB) testing. Students who do not comply with this requirement may not be able to attend class. Inquiries can be directed to the Health Center at (305) 284-9100 or at studenthealth@miami.edu.

**THE COUNSELING CENTER**

Also located on the UM Coral Gables campus is the Counseling Center. The Counseling Center strives to enhance the opportunities of students to succeed in achieving their academic goals through providing high quality personal, career, and academic counseling and educational programs. They offer a variety of free and confidential services to students including short-term psychotherapy, individual and group, career and educational counseling. The Center also provides assessment services to assist students in their educational and career decisions. Their staff consists of experienced professionals from the fields of psychology, psychiatry, and social work. The Counseling Center is located across from Pavia garage at 5513 Merrick Drive Coral Gables, FL 33146. You can call the Counseling Center at (305) 284-5511 to make an appointment. Afterhours emergency services are also available. For more information about the Counseling Center, please visit www.miami.edu/counseling-center/.

**THE OFFICE OF DISABILITY SERVICES**

Disability Services at the Academic Resource Center provides academic services and support to ensure that students with documented disabilities are able to access and participate in the opportunities available at the University of Miami. Documentation is reviewed and accommodations are assigned by Disability Services in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (“ADA”) of 1990. You may contact them at disabilityservices@miami.edu or (305) 284-2374.

**RELIGIOUS CENTERS & ORGANIZATIONS ON CAMPUS**

There are a number of religious organizations at the University of Miami. These facilities are open to all students. Information may be obtained directly from each of the religious centers.

- **Baptist Student Union** 305-667-1066
- **Christian Science Organization** 305-668-0703
- **Episcopal/Anglican Church Center** 305-661-4859

Miami is a large metropolitan city and, like all large cities, has its share of crime. The University of Miami is a safe place, but it is not immune to theft, vandalism, or other crimes, so take adequate precautions. On campus, we have the University Police Department on duty 24 hours a day. Their phone number is 305-284-6666.

Do not carry large sums of money around with you. Open a checking account at a bank where you will be able to withdraw funds from an automatic teller machine (ATM).

Students are advised not to leave purses, books, cell phones, tablets, laptops or other valuable items unattended in classrooms or in other areas where they may be stolen. Keep your passport in a safe place. It is recommended that you only carry photocopies or photos of your immigration documents.

ESCORT SERVICE

No one should walk alone on campus late at night. Ask a classmate or friend to walk with you, or call Public Safety at 305-284-6666 and ask for Escort Service. You can also call for an escort from one of the blue light emergency phones on campus. Pick up the phone and you are automatically connected with the Office of Public Safety.

CAR, BIKE, OR PERSONAL PROPERTY PROBLEMS

If you have car problems, you can go to the Public Safety office or call from one of the Emergency Telephones. They can help you in the following situations: you lock your keys in your car; your car battery needs a charge; your car is missing (remember if you parked illegally it may have been towed); your bike is missing; you suspect something of yours has been stolen on campus; and much more! You can call Public Safety at 305-284-6666.

EMERGENCY CARE

For illnesses or injuries requiring immediate attention, students are urged to go to an Emergency Room. If possible, students should visit the UM Hospital, located at 1400 NW 12th Avenue, Miami, (305) 325-5511. The closest Emergency Room is at Doctor’s Hospital, located across from Allen Hall at 5000 University Drive, Coral Gables, (305) 666-2111. If it’s not a true emergency, care should be coordinated through the Student Health Service.

PERSONAL PROPERTY

The University cannot be responsible for the loss of personal property. Do not leave book bags, backpacks, purses, books, cell phones, or other valuables in empty classrooms or the Allen Hall courtyard while in class or at lunch. Many bicycles have been stolen on the UM campus. You can register your bicycle and get a free U lock at UM Public Safety, located in the Ponce de Leon Parking Garage.
Emergency Numbers

For a serious medical emergency or if your life is in danger, you can call (305) -284-6666 on campus or 911 for assistance off campus. The UM Emergency Hotline at 1-800-227-0354 can provide information on hurricanes or other campus emergencies. You were given an emergency contact card during registration. You may use the phone numbers on the card to call IEP personnel for guidance in case of an emergency. If you have a serious emergency, you may also contact your country’s embassy or consulate.

Hurricane Preparedness

Hurricane season in Miami is from June to November each year. Hurricanes can be very dangerous. If a hurricane is coming, you must get supplies and prepare in advance.

To prepare for a storm:
- Fill your car with gas; gas may not be available after the storm.
- Get cash; ATMs and credit cards may not work after the storm.
- Buy flashlights, batteries, candles, battery-powered TV or radio; the electricity may not work after the storm.
- Charge your cell phone, tablets, and laptops and any other devices you may have. Consider buying an adaptor that will allow the phone to charge from a car.
- Buy ice in case the refrigerator doesn’t work after the storm.
- Buy food that does not require refrigeration.

During a storm:
Stay away from unprotected windows, which can break in heavy winds.
Stay inside. Do not go outside.
Listen to the news for current information about the storm.

After the storm:
Call the UM Hurricane Hotline number 1-800-227-0354 or visit www.miami.edu/preare for information about classes. Listen to the news for other important information.
SERVICES AROUND MIAMI

The following popular banks are located near the University campus:
- Citibank - 1190 South Dixie Highway - Telephone: (305) 669-5550
- Bank of America - 1500 South Dixie Highway – Telephone: (305) 669-6694
- Chase - 4000 Ponce De Leon Blvd. – Telephone: (305) 443-3969

Open an account at a local bank to reduce the need to carry around large sums of cash with you. If you are opening an account with a check from another country, ask how long before you can write checks on your account. Some other questions to ask are: hours of operation; monthly service charge; price of checks; availability of automatic teller machines (ATM) near campus and your home; minimum balance required.

The following cell phone companies are popular in South Florida and are sold close to campus:

Public transportation in Miami is not as easily available as in some other cities. You can catch the Metrorail at the University station. The Metrorail runs from the Dadeland Mall area to Hialeah. The Metrorail also connects to Miami International Airport and to the TriRail which goes north to Broward and Palm Beach counties. Buses connect with Metrorail and many outlying areas of Dade County. Please see http://www.co.miami-dade.fl.us/transit/ for more schedules, maps, prices and other information.

Monthly discount student Metrorail passes are available on the first floor of the University Center during the first 10 days of each month. You must bring your Cane Card and you must pay in cash.
